

ISRI 2017 CONVENTION & EXPOSITION

NEW ORLEANS • APRIL 22-27

The ISRI 2017 Convention & Exposition convened at Ernest N. Morial Convention Center New Orleans, on 22-27 April 2017 where metal producers, traders, recyclers and end-users together from across the globe gather to discuss the current state of the market; indeed the event concluded with a great success with 4,300 registered attendees

Engr. Salam Al Sharif , BMR President , BIR Chair Ambassadors Committee and Chairman of Sharif Group, Chairman imparted in a more global presentation during Spotlight on Aluminum Session, the Middle East has been adding to its Aluminum production capacity steadily in the past two decades as national economies invest their petro-dollars into other industries. Gulf Cooperation Council (GCC) nations now have more primary Aluminum capacity than North America. The region's Aluminum scrap, said Mr. Sharif, is both consumed within the GCC region and exported to India, China and other nations. Importance of using the "Urban Mine" was highlighted by Mr. Sharif , which save the world 700 Million tons of Carbon foot prints annually.

Engr. Salam Al Sharif has taken the opportunity to promote the 7th BMR International Conference to be held on 10-11 March 2018 at the Le Meridien Hotel in Dubai and also urged the delegates to attend the BIR Convention in Hong Kong on 22-24 May and to the first ever BIR Convention in New Delhi, India on 14-16 October 2017.

The Voice of Recycling Industry in the Middle East
